Xbox One, PS4, Nintendo Switch, Google Stadia, PS5, Xbox Series X/S, Ubisoft Paris, Ubisoft Pune, Ubisoft Shanghai & Room8[1] Dance, Rhythm, Music[2], Fitness[3], Party[4] E10+[5], PEGI 3,[4] 18+[6], CERO A Just Dance 2022 is the thirteenth game in the main Just Dance series.[7] The game was revealed on June 12, 2021, as part of the Ubisoft Forward showcase at E3 2021. The game was released on November 4, 2021. The game is offered in three different editions: a standard edition; a Deluxe Edition, which comes with a three-month subscription to Just Dance Unlimited; and an Ultimate Edition, which comes with a one-year subscription to Just Dance Unlimited.[7] Gameplay and Features Quickplay Mode: Get straight to playing with a randomized playlist ready from the Start menu. Co-op Mode: Team up with friends to combine scores to rule the dance floor. World Dance Floor: Challenge fellow Just Dancers from all over the world in these exciting tournaments. You will be matched with players of a similar level as yours for a fair dance battle. Sweat Mode: Start your own routine and keep yourself motivated by tracking calories burnt and time spent dancing.[8] Kids Mode: Eight routines made specifically for kids.[9] Use the free Just Dance Controller App, available on iOS 10 and Android 5.0.[11] to play the game on any platform and track scores for up to six players without any additional accessories needed.[8] Covers NTSC/PAL Menu and Design The menu is very similar in appearance to Just Dance 2021. The pixelated texture has been removed and the colored parts now appear in solid colors instead of gradients. Likewise, the Profile tab from Just Dance 2021 has returned. However, the sticker album is not present this time. Additionally, the Gift Machine now appears in a purple galaxy print design and rewards players with avatars, aliases and skins. Due to the omission of the sticker album, stickers are no longer offered through the Gift Machine. Track List An asterisk (\*) indicates this song is covered in-game. An (I) indicates that this map requires an internet connection to be played. Maps in this category were absent on early access copies of the game until November 3, 2021 unless otherwise noted. An (XK) indicates this map is not available in the Korean version of the game. A (BL) indicates this map is exclusive to the Benelux region. A (CA) indicates this map is exclusive to Canada. An (FR) indicates this map is exclusive to France. A (G) indicates this map is exclusive to Germany. A (J) indicates this map is exclusive to Japan. A (S) indicates this map is exclusive to the Southeast Asian countries of Indonesia, Malaysia, the Philippines, Singapore, Thailand, and Vietnam. Note: The following songs were only added to the game after the release date of November 4, 2021. ^1 My Way was released on November 9, 2021 ^2 Princess was released on November 18, 2021 ^3 Waterval was released on December 9, 2021 Kids Mode The Kids Mode routines are all recycled from past games. These are the songs that were planned to be in the game, but were left out for unknown reasons. A (JDU) indicates that the song was later added to Just Dance Unlimited. Players score points by accurately moving their bodies in time to the music and scrolling indicators. A handful of dances include provocative poses and exaggerated hip movements. In one sequence, a bear is depicted sitting on a toilet reading a newspaper. Some song lyrics contain references to suggestive material (e.g., "Loosen up my buttons babe...But I can't seem to get you/Over here to help take this off"; "There's a stranger in my bed...This hickie or a bruise?") and alcohol (e.g., "...drink/Throw 'em back 'til I lose count"; "Kick back gang sippin' fourties"; "I smell like a minibar/DJ's passed out in the yard...It's a blacked out blur"). Reception According to Metacritic, Just Dance 2022 received mixed to positive reviews. The Nintendo Switch version of the game received a Metascore of 72 from critics while the Xbox Series X version received an 83. Critics praised the improved visuals while some criticized the similarities to previous games. The other versions of the game did not receive sufficient reviews from critics to get a Metascore; however, the PlayStation 5 version of the game received overwhelmingly negative reviews from users due to not supporting the PS Camera despite the PS4 version being playable on the PS5 with the camera.[17] Trivia The subtitle "A UBISOFT ORIGINAL" can be seen under the game's logo, making Just Dance 2022 the first game in the series whose logo has a subtitle, excluding special editions. Ubisoft Originals is a brand used for Ubisoft's franchises, including the Just Dance series. This makes Just Dance 2022 the first game in the series to use the Ubisoft Originals brand. Just Dance 2022 is the first Just Dance game to not have any gameplay teasers revealed with the initial announcement. For the second year in a row, the first gameplays were revealed along with the game's announcement at Nintendo Direct. Just Dance 2022 is the first game to not have any songs be announced in August, and the game with the fewest songs revealed by September. Just Dance 2022 has the fewest covers of any game since Just Dance, with only two, Boss Witch and Mr. Blue Sky. Only including covers made by Ubisoft Music, Just Dance 2022 is still the game with the fewest covers, since Just Dance covers were made or outsourced from other companies. Just Dance 2022 has the fewest quartets of any game at release since Dance Crews first appeared in Just Dance 3, with only five prior to the addition of My Way on November 9, 2021. Including My Way, Just Dance 2022 is tied with Just Dance 2020 for the fewest quartets in a single game, with six each. Just Dance 2022 is the game with the fewest routines rated "Hard" for difficulty, with three. Just Dance 2022's main track list contains the most routines which require internet connection to play them, with seven — four Classic routines and three alternate routines, excluding region exclusives. Just Dance 2022 is the first game to be rated 18+ in Russia, as opposed to the usual 0+.[6] Just Dance 2022 is the first game not to have any new Kids Mode routines since Kids Mode made its first appearance in Just Dance 2018. Just Dance 2022 is the first game since Just Dance 2017 to not have a Disney song as part of the main track list. Just Dance 2022 is the first game to have an Ultimate Edition, which comes with a free one-year subscription to Just Dance Unlimited.[7] It is also the first game since Just Dance 2017 to have a Deluxe Edition. Just Dance 2022 is the first game to have only two Just Dance Unlimited seasons, while the previous games have four seasons since it first appeared in Just Dance 2019. Except Good 4 U, My Way, Nails, Hair, Hips, Heels, and Nails, Hair, Hips, Heels (Official Choreo), all songs in Just Dance 2022 are featured on 舞力无限. Just Dance 2022 marks the first time the same menu has been reused for four consecutive games. Do It Up by Hot Kicks was used as the intro to the announcement of the game.[18] On the Ubisoft site, the horizontal logo seen in the top left has a noticeable mistake where Just Dance 2021's horizontal logo is seen under it. Just Dance 2022 was supposed to be at Gamescom 2021 as part of a joint livestream between three German Twitch streamers,[19] but Just Dance 2021 was played instead. On October 26, 2021, Ubisoft announced a contest via its Korean Twitter account @KoreaUbisoft in partnership with the dance survival program Street Woman Fighter where watchers had to guess the song chosen by the leaders in Episode 9 within the next day, with the chance to win a copy of the game and a Just Dance 2022 sweatshirt.[20] On March 10, 2022, Just Dance 2022 was nominated for the French video game awards Pégases 2022 in the categories "Meilleur service d'exploitation" and "Meilleure accessibilité". On June 17, 2022, Ubisoft's official Twitch channel hosted a livestream of Just Dance 2022 to raise money for the Trevor Project.[21] Beta Elements For a full list of Just Dance 2022's Beta elements, see Just Dance 2022/Beta Elements.
